

## PRESS RELEASE

19 December 2014  
Berlin, Germany

### **New picture framing glass website is online: [www.tegla.com](http://www.tegla.com)**

The division Surface Technology of the Berliner Glas Group successfully finished the relaunch of its website for the picture framing glass products “TEGLA®”. The web site has a new design – that corresponds to the corporate identity of the Berliner Glas Group – with an intuitive user interface. The information about the products TEGLA® Classic, Gallery or Art Perfect is presented in a modern and well-arranged way.

When visiting the new website, framers, frame manufacturers, gallery owners and photographers will find quickly the ideal solution for the glazing of photographs and prints. All important information is available with just a few clicks: The advantages of the different products can be seen at a glance, all technical details and specifications are included in the data sheets that can be downloaded from the website.

Information about the company, contact information to be able to get in contact with the right person straightforwardly as well as the link to the internet presence of the Berliner Glas Group are also included.

Convince yourself and visit us: [www.tegla.com](http://www.tegla.com).

#### **About Berliner Glas:**

The BERLINER GLAS GROUP ([www.berlinerglas.com](http://www.berlinerglas.com)) with more than 1.100 employees is one of the world's leading providers of optical key components, assemblies and systems as well as high-quality refined technical glass.

Berliner Glas Surface Technology is engaged in the processing of glass surfaces for more than 40 years. Our etched glass surfaces are used for the picture framing industry but also for display and touch applications, in the lighting industry, solar industry and as cover glass for digital and analog displays. Our know-how in etching glass enables us to provide customized, tailored solutions to our customers.
